

eASEAN Blog Checklist

How to set up your first Blog, simply follow along with the checklist to make sure you have everything in place.

STEP 1: Choose Your Topic: If you don't know use this simple exercise:

1. Write down 3 things you are good at
2. Write down 3 things you like, or enjoy
3. And write down 3 things you would like to learn about.

THINGS I AM GOOD AT	THINGS I ENJOY	THINGS TO LEARN ABOUT
Tennis	Travel	Yoga
Cooking	Making Money	Meditation
Writing	Reading	Speed Reading

STEP 2: Find Your Blog Name: Use Lean Domain Search For This

1. Go [LeanDomainSearch](#)
2. Search for your Topic and find an available domain name (like in image)

Found 2673 available .com domains containing "Dogs" in 0.959 seconds.

DogsSoftware	DogsLinks	DogsServer
DogsManagement	DogsEngine	DogsSites
DogsStream	DogsFire	DogsEvents

STEP 3: Get Your Blog Online:

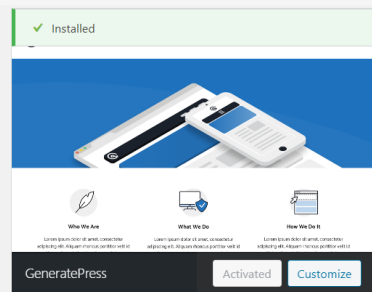

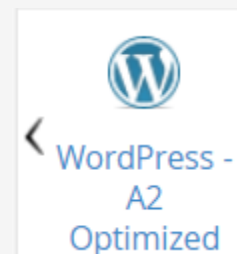

Go To [A2Hosting](#) and Sign up for a hosting package.
There are 2 options to choose.
The \$2.99 one has 66% OFF. That's so good!

Sign Up Here: [A2 Hosting](#)

STARTUP	DRIVE
STARTING AT \$2.99 USD monthly, prepaid 66% Off (Was \$8.99)	STARTING AT \$4.99 USD monthly, prepaid 58% Off (Was \$11.99)
GET STARTUP	GET DRIVE

STEP 4: Set Up Your First Website:

1. In your CPanel look for the WordPress – A2 Optimized Button,
2. Click it and then locate the button that says: **Quick Install.**
3. Follow instructions to set up blog (super step by step simple).

STEP 5: Add Theme (To make your website look great)

1. Go to Appearance >> themes in the left side panel,
2. Search for **Generatepress**,
3. Click Install and then activate.

STEP 6: Adding Your First Blog Post

1. Go to Posts in the left side panel, click: Add New,
2. Start writing your first blog post about your niche.

Write your first post here

Good luck, and make sure to read my blog for more tips on how to turn this into a full-time income... [eCommerceASEAN.com](#)
